# Support the ecosystem

RustNL will host an **unconference** for Rust maintainers on May 9 & 10.

Help move the ecosystem forward by giving your support!

Two focus areas are multi-platform application development and embedded systems.

The unconf is supported by [Project Robius](#), the [Embedded devices working group](#) and the Rust Foundation.

## Ecosystem partner

€ 5.000

- Support **Application development** or **Embedded systems** ecosystems
- Push Rust forward in app development for mobile, desktop & web, and in embedded systems, e.g. bare-metal, IoT and automotive
- Suggest one unconf participant
- Logo on Website, Break Slide, Signage
- Acknowledgements by MC
- Social Media post

## Ecosystem supporter

€ 1.500

- Support **Rust project team members** to join the conf & unconf
- Adopt a team member; suggest the participant(s) you want to support
- Cover travel & lodging costs, making the unconf accessible for all to join
- Logo on Website
- Shout-out to all Ecosystem supporters

## Food sponsor

Let's talk!

- Exclusive food & drinks sponsor
- Logo on e.g. food items, Coffee Corner and Catering Facilities
- Logo on Website, Break slide, Badge, Signage
- Social Media post
- Acknowledgement by MC
- Option to organize a Social Event

## Streaming partner

Let's talk!

- Exclusive live streaming partner
- Logo in video recording
- Free for your audience
- Logo on Website, Break slide, Badge, Signage
- Social Media Post
- Acknowledgements by MC
- Option to organize a Social Event
